How do you fulfill your Pathways requirements?

There are a number of options for satisfying your Pathways requirements. You may have already fulfilled credits through high school AP/IB courses or transfer credits. Some of the required coursework for your major will likely also fulfill Pathways credits. For the remainder, you may choose individual courses or complete a compatible Pathways minor (see the following pages).

Visit the Pathways website to search for classes by concept or to view an alphabetical list of Pathways courses: <https://www.pathways.prov.vt.edu/about/pathways-guides.html>.

TECHNOLOGY, HUMANS, AND THE ENVIRONMENT PATHWAYS MINOR

Wondering how a Pathways minor can complement your Accounting and Information Systems major? Using the Technology, Humans, and the Environment (THE) minor as an example, the diagram below illustrates how your major and a minor can work together to meet your gen ed needs. Use the table on page 2 to identify other minors that interest you!

Pathways Requirements

Pathways requires you to complete credit hours across seven core concepts. If you're an ACIS major, you will fulfill concepts 1, 3, and 5 in your program.

- Courses that satisfy major requirements
- Courses that satisfy minor requirements
- Electives outside of major and minor requirements

THE Minor Requirements

The Technology, Humans, and Environment minor includes 6 credit hours of required introductory courses, 9 credit hours of electives (one 3-credit course from each of three areas: Technology, Humans, and Environment), and a 3-credit hour required capstone course, for a total of 18 credit hours. Together, these required and elective courses offer numerous possible combinations for completing Pathways concepts 2, 4, and 6. The diagram to the left illustrates just one possible path for completing the minor and fulfilling your Pathways requirements.
