

PATHWAYS MINORS FOR INDUSTRIAL AND SYSTEMS ENGINEERING MAJORS

PURSuing A CAREER AS AN ANALYST OR MANAGEMENT CONSULTANT?

Add the [Organizational Leadership](#) minor which provides a unique chance to build a foundation in the skills required for management positions in consulting and entrepreneurship.

Enrolling in Organizational Leadership can help fulfill Pathways concepts 1a, 2, 3, 5f, 6a, 6d, and 7.

Or consider [Data and Decisions](#). This minor provides an opportunity to use and critically think about data, a valuable skill set to add to the foundation of technical training provided by an engineering degree.

The Data and Decisions minor can help fulfill Pathways concepts 1a, 2, 3, 5f, and 5a.

INTERESTED IN ENVIRONMENTALLY RESPONSIBLE BUSINESS PRACTICES?

[Pathways to Sustainability](#) can balance the hard skills of engineering by looking at climate and the environment from a range of perspectives such as art, economics, social systems, and design.

This minor can help fulfill Pathways concepts 1a, 2, 3, 4, 5a, 6a, 6d, and 7.

Looking for more options? Pathways General Education offers [30 minors](#) to match your educational and professional goals.
