

PATHWAYS MINORS FOR PHILOSOPHY, POLITICS, AND ECONOMICS MAJORS

APPLYING TO LAW SCHOOL?

Consider Science, Technology & Law. For students pursuing a legal career, this minor provides the philosophical and legal framework to consider innovation and intellectual property.

The Science, Technology & Law minor provides an opportunity to meet Pathways concepts 1a, 2, 3, and 7.

PURSUING A CAREER IN PUBLIC POLICY?

Climate and Society is a great opportunity for students interested in addressing the challenges we'll face on a warming planet. This minor looks at the topic from a range of perspectives, including human development, geography, civil engineering, conservation, and water policy.

The minor is a collaboration between several departments on campus and offers an opportunity to meet the Pathways requirements for concepts 1a, 2, 3, 4, 5f, and 5a.

FOR A CAREER IN BUSINESS AND MANAGEMENT:

Add Organizational Leadership. The minor provides a unique chance to build a foundation in the skills required for management positions in consulting and entrepreneurship.

Enrolling in Organizational Leadership can help fulfill Pathways concepts 1a, 2, 3, 5f, 6a, 6d, and 7.

Looking for more options? Pathways General Education offers 30 minors to match your educational and professional goals.
