Students in the Event and Experience Management minor explore the interaction of human beings, technology and the environment within the event management context. Students will consider and evaluate interconnections between place, culture, and environment in the context of the planning and implementation of a wide range of events.

Housed in the #6 internationally-ranked Hospitality and Tourism Management Department that currently enjoys a 94% placement rate for its graduates, this minor will utilize an interesting and relatable framework (event and experience management) to address many issues important to both students and the larger society, including race, religion, culture, cross-cultural communication, and the environment. Students will be provided with hands-on learning experiences at every step, enhancing employment opportunities to students from different majors.

The cross-disciplinary minor will provide an opportunity for students majoring in Hospitality and Tourism Management looking to specialize in a specific career path, as well as students from a broad range of majors. Both audiences will gain organizational, design, technical, ethical, and logistics skills. They will also learn to plan and implement events which are sensitive to both potential attendees and the host community.
